## *Win some and Lose some.*

From time to time we receive requests from people regarding information on their families. Sometimes we are lucky and can provide the necessary information and then again there are times when we are not so lucky. This time we were a winner. A young lady in Costa Rica was seeking information on her grandparents, the De Hooges. In searching the files, nothing came up. However, the name sounded familiar, so we asked around and to our surprise within a week a picture turned up. A copy was made and sent along to Costa Rica. To the delight of the young lady, she was able to identify all the people in the picture. We have a number of files on families that people have sent us over the years. It is indeed a pleasure when we can accommodate such requests.
