#### DISCUSSION OF PROPOSED ARCHITECTURAL SERVICES FOR NEXT PHASE OF HOME ELEVATIONS –

Referring to the RFC Program, Mrs. Bergin informed that all three property owners have opted for elevation and the architect is finalizing the designs on these homes.

Regarding Round One of the SRL Program, Mrs. Bergin informed that six of 34 properties have expressed their desire to elevate. She recommended entering into a contract with the architect Richard Jacobs, at a cost not to exceed \$17,000 per property in order to start this process. She noted that architectural services are included in the grant and these costs will be reimbursed to the Township.

She informed that the remaining 28 property owners are awaiting the status of the Township's application through the NJDEP Blue Acres Program for funding for acquisition. She will continue to monitor the status of this.

Referring to Round Two of the SRL Program, Mrs. Bergin explained that the Township has not yet received a grant agreement from FEMA and, therefore, cannot bond for this program. There are four properties scheduled for acquisition in this round. Appraisals are completed for those properties and each resident will be contacted with the list of items needed to be collected so that the Township can move forward when needed.

With regard to Round Three of the SRL Program, Mrs. Bergin informed that the Township's application for an additional 12 homes was filed in early October. The application was approved by NJOEM and has moved on to the next phase of review by FEMA; there is no timeline for this process.

Councilmember GONZALEZ asked for clarification between transfers in the budget and emergency appropriations; Mr. Underhill clarified. He explained that the Township would raise the money for the emergencies next year; it will come out of next year's budget. Councilmember VANTUNO asked if this was something they would get back from the State. Mr. Underhill said this covers Hurricane Irene and some of the pre-Halloween snow storm. They will get back money for Hurricane Irene, but they don't know if they will get money back for the snow storm from the federal government. Councilmember GONZALEZ asked if it is standard to approve emergency resolutions and Mr. Underhill said they don't usually do it with such a large amount of money. Council President FONTANA questioned whether or not the storms are considered separately and Mr. Underhill said they are; they will put a claim in for every one they are eligible for.

Mr. Trapanese called a point of information, noting that the amount of the emergency changed on the agenda; Mr. Wilk clarified this.

Dorothy O'Haire, Turnberry Road, pointed out that the Flood Board applied for a grant for the early warning system nearly two years ago. It is her understanding that they are still working on this. Referring to the Peckman River, she described it as a wasteland, noting that there are no trees left. She doesn't know how they will wait another six years until the Army Corps of Engineers is ready to work on this. She informed that she attended a meeting at Assemblyman Rumana's office recently and said there are some issues that the Council should be aware of. She explained that there was a Little Falls resident who was listed as being a member of the engineering committee, when he is not. She said this person could lose his job if he was a part of said committee, noting that he did not contribute to this meeting in any way.

She also informed that there is a group of engineers who are working to design gates for Beattie's Dam, noting that they shouldn't be drawing up plans for a dam that isn't in their town. She further noted that Little Falls would be underwater if this went through, and said they must work together. She explained that there is currently a bill before the Legislature from Bergen County to control the reservoirs when a big storm is coming.

Councilmember VANTUNO questioned the early warning system and Mrs. O'Haire said they use this to track storms with up to a week's notice as to where rain will fall and how weather conditions will be in certain areas.

Arnold Korotkin, Long Hill Road, questioned whether the School Board was still scheduled to give a presentation at next week's Workshop meeting. He asked if it was open to the public.

Louis Fernandez, 54 Harrison Street, referred to the resolutions on the agenda for welfare clients and asked what this is for.

No one further having come forward to be heard, it was moved by Councilmember Post, seconded by Councilmember Gonzalez, that the meeting be and it was closed to the public.

Poll: Ayes: Gonzalez, Post, Sisco, Vantuno and President Fontana  
Nays: None

The Council President declared the motion passed.

Mayor DeFrancisci said the meeting he and Mrs. O'Haire attended was the Passaic Valley Basin Local Flood Board Meeting. He explained that Fairfield was recently inundated with water and decided to form its own flood committee. He was surprised to hear that they were discussing gates for the Beattie's Dam. However, after speaking with Fairfield after the meeting, they agreed to work together with Little Falls. He also pointed out that nothing can be done without the permission of the federal government. Mayor DeFrancisci further noted that flooding affects everyone in town, as the debt is absorbed by all taxpayers. They are trying to fix the flooding issues.

Mrs. Bergin informed that the Township submitted the application for the early warning system grant, which is with FEMA at this time. She explained that FEMA has to spend its money on mitigation projects right now and she will be sure to keep checking back on the status of this.

Councilmember VANTUNO informed that the School Board is scheduled to meet with the Council on Monday, where they will give a presentation and have an open discussion.

Mr. Underhill referred to the welfare questions and explained that these people only received one check a month and they have to qualify by showing a lack of any other income. This is general assistance so it is for basic needs. Councilmember GONZALEZ pointed out that these are people in need.

### PAYMENT OF BILLS

It was moved by Councilmember Post, seconded by Councilmember Vantuno, that the Council approve the following:
