PRESENTATION BY AUDITOR REGARDING APPLICATION TO LOCAL FINANCE BOARD

Township Auditor, Gary Higgins said he is here to discuss several items on tonight's agenda regarding tax appeals and tax credits. On 4/23/12 the Township adopted the 2012 Budget and also adopted an emergency appropriation for tax appeals, which was instituted to pay back tax appeals for prior years. They knew there were pending appeals, but they didn't know which ones would be settled and when. They knew there wasn't sufficient money anywhere else to pay these. Therefore, Trenton instructs the town to pass an emergency, pay the appeals throughout the year and bundle these after a certain period of time and pay them over several years. As of now, there is a total of \$288,000 in tax appeals settled for prior years; not all of these have been paid, since the emergency appropriation was only for \$200,000. The remaining appeals will be bundled, which will be covered in an ordinance for payment over a couple of years.

He pointed out that Little Falls also incurred debt from flooding which also affected the assessed values of many homes. To date, for 2012 alone, there have been credits or cancellations of \$615,227.00. In the budget every year, there is an account called *Reserve for Uncollected Taxes*, which is similar to a bad debt reserve. This is supposed to cover tax payers who have not paid their taxes as of yearend, plus any person's taxes that were cancelled in the current year. Over the past five years, the average outstanding tax balance at yearend was \$383,000, and the cancelled taxes were approximately \$105,000. In a typical year, the amount in the reserve account would be more than sufficient to cover both the unpaid taxes at yearend and the cancelled taxes as a result of judgments. He explained that he is in attendance this evening to discuss a plan that Trenton has instituted for municipalities who are getting so many appeals in a year; we are here to present how the plan will work out for the remainder of the year in order to ensure the fiscal stability of the town.

Township Bond Counsel Associate, Matthew Jessup, explained that the Township is currently facing two types of tax appeal liabilities. The current appeal refunds are a shortfall because that was anticipated revenue that now has to be paid back.

He further explained that the Local Finance Board created a program for municipalities to request to finance the amounts they have to pay up front and the amount of lost revenue over a longer time period. The Township is required to go before the Local Finance Board to seek this approval; they are currently requesting to raise \$790,000,

which is made up of three quarters of the credit amount, anything remaining from past refunds and the cost of issuance related to doing note deals over three years. This program is preferable and is considered a credit positive and strong management practice. One of the conditions to the approval is to implement an assessment, which has already been approved. He pointed out that this evening's agenda includes a resolution making application to the Local Finance Board, as well as a refunding bond ordinance.

In response to Council President FONTANA, Mrs. Kraus said she wasn't sure of the rules regarding opening the meeting to the public for questioning at this time, as it is not a public hearing. Mr. Northgrave advised that this decision would be at the Council President's discretion, and discussion should be relating to this topic only, noting that there are two professionals in attendance to be able to answer any questions.

In response to Councilmember VANTUNO, Mr. Jessup informed that the \$288,000, which represents judgments in connection with 2009-2011 appeals, is included in this. He clarified that this is to seek the Local Finance Board's permission. After authorization is given, the Township will go out and issue notes similar to the procedure used to issue notes for capital projects.

At this time, Council President FONTANA announced that the meeting would be open for public comment and questioning on this topic only.

Donald Radcliffe, 239 Long Hill Road, pointed out that only 24% of the money from taxes comes to the town; the rest goes to the County and the schools. Therefore, he questioned whether any of this money would be refunded from the County or the school. Mr. Higgins explained that the schools receive their money in total, so they won't return any money. They County will give the Township an adjustment through the levy for the following year.

Al Attianese, 27 Dewey Avenue, said there have been appeals since the revaluation in 2008. The years 2009, 2010 and 2011 were specifically mentioned, where they saw a large number of appeals. He pointed out that it would have been more fiscally responsible for the Township not to consider these taxes as revenue for these years. Mr. Higgins informed that they do perform an analysis on an annual basis. When the 2012 Budget was done, the reserve was increased by \$80,000; this is an unusual year. After further discussion, Mr. Higgins explained that this is why they approved the emergency appropriation in the beginning of the year.

Dorothy O'Haire, Turnberry Road, said she has been attending meetings for a long time, and she pointed out that there was a surplus over the past few years. She pointed out that the whole world is in financial trouble. Referring to the Township's downgrade by Moody's, she asked if the rate to borrow this money would now be increased. Mr. Jessup informed that these notes that the Township would issue would not be rated. He also reiterated that the rating agencies view this as a credit positive fiscally strong management tool. The interest rates on short term debt in NJ at this time are very low regardless of the rating the municipality has. Mrs. O'Haire said she would like to know what happened to the surplus for the past couple of years.

APPROVAL OF MINUTES

It was moved by Councilmember Vantuno, seconded by Councilmember Gonzalez, that the Minutes of the Workshop meeting of September 17, 2012 be approved.

Poll: Ayes: Gonzalez, Porter, Sisco, Vantuno and President Fontana
 Nays: None

The Council President declared the motion passed.

REMARKS FROM CHAIR

Council President FONTANA said there was recently a Transportation meeting in town, as well as a County Transportation Committee meeting. Next, they will have a meeting with the State Department of Transportation and go over any issues with them. He also said the Recreation Department will have its annual Halloween bash this Saturday, October 22, 2012, from 10:00 a.m. until 12:00 p.m. at the Recreation Center. He also informed that the Passaic Valley High School Education Foundation is having a Beefsteak Dinner on Thursday, 11/15/12 at 7:00 p.m. at The Brownstone.

COUNCIL MEMBER REPORTS

Councilmember GONZALEZ informed that the Domestic Violence Committee held its annual Vigil at Town Hall this past Tuesday in recognition of Passaic County victims. This year the focus was on children who are victims of domestic violence. She asked that a box be placed in Town Hall for Halloween costume donations for these children. On behalf of the Township, she thanked all of the committee members who worked so hard to bring awareness to the town. The Passaic Valley Regional Flood Board met on Tuesday, 10/9/12 and agreed that misleading information is going around regarding the Beattie's Dam. The Committee feels that they are making progress. At the next meeting, on 11/8/12 at 7:00 p.m. at the Municipal Building, they would like to hold an informal meeting to all town officials and residents affected by the floods to discuss this matter and a possible solution. She also informed that the Senior Citizen Advisory Board will be hosting its Harvest Moon Dinner Dance this Friday, 10/26/12 at 7:00 p.m. She informed that those interested must sign up with Lucille Clifford.

Councilmember SISCO thanked Ms. Shapiro and the Little Falls ABC for a terrific job done on the Morris Canal. He also thanked MSU, it's students and the volunteers who also helped to clean up that area. Everyone did a great job.

Councilmember PORTER informed that she attended the Domestic Violence Vigil last week, which was a very touching event. She also attended the Morris Canal Day, noting that Ms. Shapiro and the ABC did a beautiful job as well. She explained that she chaperoned a Municipal Alliance dance last Friday night for the fifth and sixth graders; there was a big turnout. The kids learned about drugs and alcohol at the end of the dance, and they were given prizes for answering questions correctly. The kids were asked to bring canned foods with them instead of paying to attend the dance. She is looking forward to attending the Harvest Moon Dinner Dance. She informed that the New York Giants came to School #1 last Tuesday. She explained that a grant was obtained for the school, and the Giants donated over \$30,000, which went toward a state of the art fitness center in the school for the kids. The Giants came in and challenged the kids to exercise for 60 minutes every day.

Referring to an article in the Passaic Valley Today newspaper on 10/4/12, she informed that Councilmember Gonzalez had thanked the firefighters for their service to the town from the Council, which she didn't have a problem with. However, she informed that she doesn't agree with everything else in the article and she wanted to make that clear to the public.

Councilmember VANTUNO informed that he also attended the Domestic Violence Vigil. Referring to the recent debate that was held for candidates running for office in town, he commended all candidates on a job well done. He also informed that there was recently a Board of Education meeting, which concentrated on shared services. They came up with some concepts and he will work with Mrs. Bergin on this.

MAYOR'S REPORT

In the absence of Mayor Post, Mrs. Bergin read the Mayor's report. She thanked Ms. Shapiro and the ABC for hosting the Morris Canal Family Day; it was a beautiful day. The ABC does a wonderful job for the community. This past Tuesday, she had the pleasure of joining Councilmember Porter at School #1; she reported on the exercise room that was donated and all of the activities provided for the kids. She thanked Councilmember Porter and the NY Giants for their outstanding contributions to the students. She also attended the Domestic Violence Committee Vigil, which was well attended. In attendance were two survivors of domestic violence who told their stories. She encouraged all to report anything suspicious. When she became the Mayor, she had reported that she was having discussions with the Woodland Park Mayor about settling the Lackawanna property suit without going through litigation. She informed that one of the four parties involved was not agreeable to the terms of the settlement; therefore, creating a litigation hearing. She recently received a decision on the hearing that Little Falls is not guilty of spot zoning the Lackawanna property. However, the Judge ruled that the ordinance did not specify a minimum number of low income units, and recommended that the Township amend this ordinance. After such amendment, this will be presented to the Planning Board for approval. She also informed that she and Mrs. Kraus attended a recent League of Municipalities seminar on ethics and conflicts. She found the seminar to be very informative. Part of the discussion included proposed changes to OPRA and OPMA. She recommended that the Council consider a resolution requiring elected officials to attend ethics training.

ATTORNEY'S REPORT

Mr. Northgrave had nothing to report.

ADMINISTRATOR'S REPORT

Meeting of October 22, 2012

Mrs. Bergin reported as follows:

Comments regarding Toms River reassessment comparison

As per our recent council meeting, I spoke with the Tax Assessor in Toms River. We are not comparing apples to apples when discussing our Municipal Wide Reassessment with theirs.

Toms River has a full-time tax assessor and 8 support staff. They will be doing a bulk of this work in-house. We have one part-time tax assessor.

Little Falls needs to hire a company to complete the reassessment with staff time and support from our part-time assessor. Toms River is completing all of the work on their own with the exception of a sales ratio analysis of 23,000 line items and that is all that will be completed for the \$100,000 they bonded for the Re-assessment. Also, Toms River was able to draft the RFP for that in-house and then directly contract. We have to RFP for a company to write the RFP and then RFP to hire a company to do the reassessment.

The process has been underway in Toms River since 2010 – when a new assessor was hired. He and his staff have been analyzing the market and doing studies in house for two years anticipating the need for a reassessment.

The \$100,000 they bonded did not include any commercial properties – those 1,800 line items will be done in the form of a separate RFP, contract and bond.

Lastly, Toms River has \$1.3 billion in ratables under appeal (2,700 properties) and late last week introduced a bond at an amount “not to exceed \$7 million” to bridge the gap in the amount of lost ratables as a result of the appeals.

Appraiser Contract

The Township has received word that the New Jersey Office of Emergency Management will provide funding to assist in acquiring properties in the SRL FY 10 (Round 1) program. NJOEM receives funding from FEMA to administer mitigation grants and NJOEM has opted to earmark those funds to Little Falls, as the agency and its representatives support acquisition in this area. NJOEM staff have been on the ground, in our town, in these neighborhoods and in these homes and have supported our funding requests to acquire. This allocation of funds is based on their strong support of acquisition in this flood-prone area.

11 of the 34 properties have opted for elevation and the design is underway. 4 of the remaining 24 property owners have current appraisals. This contract authorizes the remaining 19.

Mr. Schaffner informed that he submitted the Best Practices Worksheet to the State on 9/27/12, which he prepared with Mrs. Bergin. He explained that there is still room for improvement, noting that these areas will be addressed in the near future. He was pleased to announce that the Township is receiving all of its State Aid this year, based on this worksheet. On 10/18/12, he attended a meeting sponsored by Passaic County regarding shared services. The town already has shared services contracts with Clifton and Parsippany. There were two speakers from the Department of Community Affairs at the meeting and they were able to discuss ideas and concerns. The County intends to have future meetings and encourage cooperation and to share knowledge on the subject.

He also informed that he will be conducting budget meetings with Mrs. Bergin this week for all departments.

PUBLIC PORTION

Meeting of October 22, 2012

It was moved by Councilmember Sisco, seconded by Councilmember Porter, that the meeting be and it was opened to the public.

Poll: Ayes: Gonzalez, Porter, Sisco, Vantuno and President Fontana
 Nays: None

The Council President declared the motion passed.

Arnold Korotkin, Long Hill Road, informed that under a bill working its way through the State Legislature, New Jersey's private colleges and universities would get the same land-use privileges as state colleges. If passed, this legislation would allow private colleges to skip local land-use boards and build whatever they want, which may strain the relationship between campus officials and local residents. He pointed out that this is a scenario experienced here in Little Falls with respect to Montclair State University. He further noted that the NJ League of Municipalities opposes this legislation, as it undermines and usurps local decision making and severely diminishes the role of our taxpayers; it is the League's position that this legislation is bad public policy. He urged the Council to join the NJ League of Municipalities in "opposing" this legislation, and to provide the League with examples of the negative impact similar legislation has had on Little Falls.

Mr. Korotkin also suggested that the Township consider re-joining the Tri-Town Committee, especially in like of the newly elected Montclair Town Council, noting that Little Falls should work with the League of Municipalities to introduce legislation that may compensate township's for the loss of property taxes, etc when a public university exists within their borders.

Louis Fernandez, 54 Harrison Street, informed that he reads the letters from residents in the Passaic Valley Today Newspaper every Thursday. He also said that elected officials need to stop pointed fingers at everyone else. Referring to the Police Department, he explained that the newspaper stated that the Police were in danger in the old building, which is why the town had to spend money for a new one. He also read that the Council had been hostile toward MSU, and asked for clarification of this.

Ray Klepar, 8 Douglas Drive, reminded that there was a previous conversation about an Eagle Scout who was supposed to paint the tank at the park. He wanted to know the status of this. He also noted that there are a lot of recyclables inside of the tank, and asked if it was possible for these to be removed.

Mark Simolaris, 111 First Avenue, asked why the 9/11 memorial fountain is not working; it hasn't been working for over a month.

Al Attianese, 27 Dewey Avenue, referred to the Negotiation Committee, and said there had been mention of pay increases during the forum that all candidates participated in recently. He hoped that the committee would take a good look at increases in the confines of the current contracts.

An unidentified gentleman, referred to the reassessment and asked how much money this will save the town after spending \$275,000. He also voiced his opinions that the police officers in town are making too much money. He was happy to hear that the fitness center at School #1 was donation, adding that the new Police Station was not a donation.

Pat Pelonero, 8 Hopson Avenue, flood insurance was just increased and she was told by insurance company that FEMA has remapped the area. She was never told about this and the town has no idea about this either. She wants to know how this changed.

No one further having come forward to be heard, it was moved by Councilmember Gonzalez, seconded by Councilmember Vantuno, that the meeting be and it was closed to the public.

Poll: Ayes: Gonzalez, Porter, Sisco, Vantuno and President Fontana
 Nays: None

The Council President declared the motion passed.

Council President FONTANA explained to Mr. Korotkin that the town is working toward 100 percent compliance with the Governor's checklist.

Council President FONTANA agreed with Mr. Fernandez about accepting responsibility.

Councilmember VANTUNO said he finds Councilmember Sisco's comments about the budget vote insulting. He also referred to Mr. Fernandez's comments and said he is not familiar with the Council being hostile toward MSU.

Mr. Simone said he will reach out to the Eagle Scout to see if he still planned to paint the tank, noting that there is a deadline of April 2013 for this. He also said there is no way of getting into the tank to remove the recyclables.

Mr. Simone provided explanation regarding the 9/11 memorial fountain, who said this has been down for about two weeks, because of problems with the pump due to vandalism; the pump is operational.

Mrs. Bergin said they need to complete a municipal wide assessment to help offset the lost revenue; the only way to do this is to have a more accurate assessment. She explained that they are in the process of preparing the RFP for this.

Mrs. Bergin said Ms. Pelonero could reach out to her at any time in the future if she would like to discuss this matter in more detail. She informed that the Federal Government changed the transportation bill that had included subsidies to properties that were in a flood area. There are 150 properties in Little Falls which are designated to be in the flood area; many of these were grandfathered and will received a subsidy in the form of a reduced amount of their flood insurance. They announced recently that these subsidies are being grandfathered out; there was public discussion and notice. Mrs. Bergin said she could get a contact person for Ms. Pelonero at FEMA to discuss this further. She also informed that she is working with Mr. Macones to improve the CRS which will be a reduction in flood insurance; there are things they can do to offset the impact.

CONSENT AGENDA

All items on the Consent Agenda were considered to be routine and were enacted with a single motion. Any items under REQUISITIONS carried a Treasurer's certification as to sufficiency of funds.

NEW BUSINESS

DISCUSSION OF PROPOSED REGULATIONS FOR CIRCULAR DRIVEWAYS – Mr. Lindsay informed that an application was made for a circular driveway. Upon reviewing the Township Code, he couldn't find any regulations about this. He spoke to the Planning Board about this, who set up a subcommittee to look into this. While reviewing the code, they also found that the language in the code pertaining to driveways is very poor. Therefore, the subcommittee presented this to the Planning Board, who made some modifications and asked that it be presented to the Council for consideration of these changes. Mr. Lindsay said he has prepared a memo on this, which will be distributed and can be discussed if need be. They can then prepare the necessary changes.

Municipal Aid Application re Third Avenue Roadway Improvements Project – It was moved by Councilmember Gonzalez, seconded by Councilmember Vantuno, that the Council approve the following:
